CUE THE COLOUR

Nothing quite beats putting a splash of colour here and there.

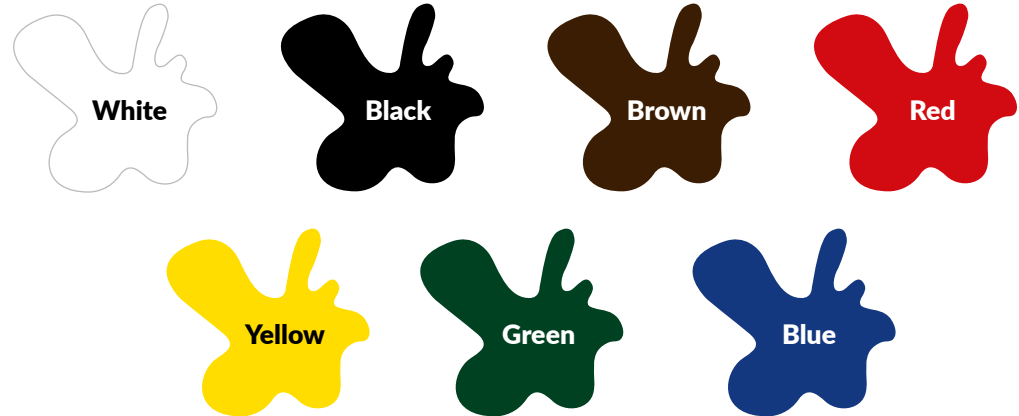

...See what we mean?!

RED AND YELLOW AND PINK AND GREEN...

Colour's a great way of putting your personal stamp on things, as well as reinventing items and spaces and giving them a new lease of life.

We know all about the power of colour here at Canopies UK, which is why you'll find many of our outdoor canopies are available in these standard colours for nurseries, schools and colleges. And they can be matched to any RAL code:

But we also appreciate that some of our customers like to use colour to:

- ✓ Make their canopies blend into the surrounding environment or;
- ✓ Really personalise their installation.

So, we also offer a canopy colour-matching service too for an additional cost.

PAINT A RAINBOW

Sometimes, some of customers want their canopies in a rainbow of colours!

Lots of our education customers often use the colour options from our standard range to create coloured canopies that:

1. Instantly take centre stage.
2. Become a popular focal point among children, staff and parents.
3. Are in keeping with the existing branding (i.e. uniforms).
4. Provide a stimulating learning/play environment.
